

Registration Form

Green Power Choice gives our members the option of purchasing clean, green energy in 100-kilowatt-hour blocks, equivalent to about 8 percent of a typical month's electricity use. The first five blocks you purchase will add \$2 each to your monthly power bill, and each additional block will add another 15 cents. You can buy as many blocks as you like. The minimum participation period is one year. These fees are in addition to your regular kilowatt-hour charges.

To sign up, just fill out this form and return it to us.
