In addition to the words and terms defined elsewhere in this Agreement, the following terms have the meanings set out below:

- A. "Agreement" means, in controlling order: (1) any written amendments to this contract executed by all Participating Members that are Party to this Agreement and Contractor; (2) this contract between the Parties; (3) all exhibits to this contract; (4) Contractor's Proposal submitted in response to Request for Proposals.
- B. "Contractor" refers to \_\_\_\_\_, including its successors and assigns.
- C. "Day(s)" means calendar day, including weekends and legal holidays, whether capitalized or not, unless otherwise specifically provided. In the case of plural "days", those days will be consecutive.
- D. "Effective Date" means the date first set forth above.
- E. "Party" or "Parties" means each Participating Member and Contractor who are bound by this Agreement, individually or collectively as indicated in the context by which it appears.
- F. "Services" means all services required by or reasonably inferable from the Agreement including all labor, materials, tools, supplies, equipment, transportation, mobilization and demobilization, insurance, subcontracts, supervision, management, reports, incidentals, quality control, and other items necessary or incidental to fulfilling Contractor's obligations.
- G. "Subcontractor", whether capitalized or not, means any person or entity with whom the Contractor contracts to provide any part of the goods, services, or work to be provided by Contractor under this Agreement, including subcontractors of any tier, suppliers, and material men, whether or not in privity with the Contractor.
- H. "Task Release" means written authorizations to commence work that will define the scope of work, objective, location, completion timeframe, rates, and other useful information necessary for the Contractor to begin work.
- I. "Term" means the entire period during which this Agreement is in effect, starting on the Effective Date and continuing through the final date of termination or expiration of this Agreement, including any renewals or extensions.
- J. "Participating Member(s)" refers to PowerSouth Energy Cooperative or each of those PowerSouth electric distribution members that have executed this Agreement at Section 42, including their successors and assigns.

K. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words in the singular include the plural.

L. The word “shall” is always mandatory and not merely permissive.

## **Section 2. SCOPE OF SERVICES**

In consideration of the payments specified in this Agreement, Contractor agrees to provide all labor, material as requested, and supervision necessary to perform the services described in Exhibit A (the “Services”), as requested by any Participating Member. Any Participating Member may request performance of Services by issuing a Task Release as described in Section 3, below.

## **Section 3. TASK RELEASES**

- A. This Agreement describes the terms and conditions under which Services will be performed by Contractor. Contractor will be authorized to commence the provision of Services by any Participating Member’s issuance of one or more Task Releases to Contractor. A Participating Member who issues a Task Release pursuant to this Agreement is referred to herein as the “issuing Member.” In the event multiple Participating Members issue Task Releases to Contractor for the provision of Services which together are beyond Contractor’s capacity to perform, Contractor shall make a good faith determination as to which Task Release(s) it will accept and notify each issuing Member as soon as possible. In making this determination, Contractor shall take all reasonable efforts to maximize its capacity.
- B. Each Task Release will describe the specific scope of Services to be performed, specify the rates to be charged consistent with this Agreement, include a price ceiling the Contractor exceeds at its own risk if the work is performed on an hourly rate basis, and specify the time period for performance, among other things. Unless otherwise directed by the issuing Member in writing, Contractor shall not commence work under this Agreement until the issuing Member and Contractor have executed a Task Release.
- C. Each Task Release shall take the form substantially similar to Exhibit B, attached hereto. Upon execution by the issuing Member and Contractor, each Task Release shall become a part of this Agreement as to the issuing Member and Contractor only, and subject to the terms and conditions herein. Any changes or modifications to an executed Task Release, including to the Services to be performed or method, price, or schedule of same may only be made in accordance with Section 22, Amendments and Change Orders, unless the issuing Member and Contractor otherwise agree in writing.
- D. Where the terms of a Task Release conflict with the terms of this Agreement, the Task Release prevails.

- E. In situations where a Participating Member has established agreements with multiple contractors performing the same work or services described in this Agreement, the Participating Member may give preference to one or more contractors based on a determination of best value to Participating Member, which will include an evaluation of factors as described in the Request for Proposals under which the agreements were awarded. Each Participating Member reserves the right to issue a Task Release to a contractor other than the lowest priced offeror based on such determinations.

#### Section 4. PAYMENT TERMS

- A. An issuing Member shall pay, and Contractor shall accept, the fees set forth in Exhibit C as full compensation for all Services rendered by Contractor pursuant to a Task Release issued under this Agreement. Invoices shall be submitted to the issuing Member's designated employee on a monthly basis unless otherwise indicated in the applicable Task Release. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. Invoice details will be verified by the issuing Member's designated employee before being paid. Payments shall be due 30 days after issuing Member's receipt and approval of Contractor's detailed invoice showing Services provided during the invoice period.
- B. A ten percent (10%) retainage will be withheld by the issuing Member from each invoice until the Contractor's completion of the work described in the applicable Task Release. In order to release the retainage, Contractor must successfully complete the scope of the applicable Task Release and receive a letter of completion from the issuing Member, which will be issued upon final reconciliation of the amount due. Portions of the retainage may be held by the issuing Member to repair damages caused by the Contractor to the issuing Member's property.
- C. Issuing Member may reject a payment request or invoice in writing within 20 business days after the date on which the payment request or invoice is stamped as received, which shall specify the deficiency and the action necessary to correct the deficiency and to make the payment request or invoice proper. Payment of a corrected payment request or invoice, or rejection thereof, shall be made 20 business days after the date the corrected payment request or invoice is stamped as received.
- D. If an issuing Member disputes an invoice submitted by Contractor for any reason, including lack of supporting documentation (as may be required by the issuing Member in its sole discretion), that issuing Member shall temporarily delete the disputed item(s) and approve and pay the remainder of the invoice. The issuing Member shall promptly notify Contractor of the dispute and request remedial action. After the dispute is settled, Contractor shall include the settled amount, if any, on a subsequent regularly scheduled invoice or on a special invoice for the disputed item(s) only.

- E. Issuing Member may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts it previously paid to Contractor, to protect the issuing Member from loss because of:
  - i. Defective work not remedied by the Contractor or, in the opinion of the issuing Member, not likely to be remedied by the Contractor;
  - ii. Claims of third parties against the issuing Member or the issuing Member's property;
  - iii. Failure by Contractor to pay subcontractors or others in a prompt and proper fashion;
  - iv. Evidence that the balance of the work cannot be completed in accordance with the Agreement or at the agreed rates in Exhibit C;
  - v. Evidence that the work will not be completed in the time required as indicated in the applicable Task Release;
  - vi. Recurring or persistent failure to carry out the Services in accordance with the Agreement;
  - vii. Damage to the issuing Member or a third party to whom the issuing Member is, or may be, liable; or
  - viii. Recurring or persistent failure to submit required reports or other information requested by issuing Member.
- F. In the event that an issuing Member makes written demand upon Contractor for amounts previously paid by that issuing Member as contemplated in this Section, Contractor shall promptly comply with such demand.
- G. Issuing Members shall have no duty to third parties to withhold payment to Contractor and shall incur no liability for a failure to withhold funds.

#### **Section 5. TAXES**

Contractor shall be solely responsible for paying all sales taxes on materials and equipment furnished by Contractor as part of the Services and shall not seek reimbursement from any Participating Member for such taxes. Provided however, Contractor may charge Participating Members sales taxes applicable to Contractor's own Services only to the extent permitted under State law. Upon request from any Participating Member, Contractor must provide support for the applicability of any taxes charged to the Participating Member.

#### **Section 6. NO QUANTITY GUARANTEE**

- A. This Agreement does not create an exclusive right to Contractor to perform all services concerning the subject of this Agreement. Each Participating Member may procure and

execute contracts with other firms for the same, similar, or additional services as those set forth in this Agreement or any Task Release.

- B. Participating Members make no express or implied representations, warranties, or guarantees whatsoever, that any particular quantity, type, task area, or dollar amount of services will be procured or purchased from Contractor through this Agreement or any Task Release; nor do Participating Members make any express or implied representations, warranties, or guarantees whatsoever, for the amount or value of revenue that Contractor may ultimately derive from or through this Agreement or any Task Release.

#### **Section 7. CONTRACTOR'S PERSONNEL**

Contractor shall replace any of its personnel or subcontractors whose performance, work, or work product under a Task Release is deemed unsatisfactory at the issuing Member's discretion.

#### **Section 8. SUBCONTRACTS**

- B. Contractor is responsible for payment to all subcontractors utilized to render Services under a Task Release. Contractor further agrees to promptly assume full responsibility for the defense of any and all such suits, actions, or proceedings which may be brought against Contractor or against any Participating Member. In the event a Participating Member's machinery or equipment is used by Contractor in the performance of any work that might be required under a Task Release, such machinery or equipment shall be considered as being under the sole custody and control of Contractor during the period of such use by Contractor.
- B. To the extent § 725.06, Florida Statutes, is applicable to this Agreement or a Task Release issued hereunder, the following applies:
  - i. The indemnification under this Section is limited to the required coverages provided in

Section 11, Insurance;

- ii. The indemnification under this Section does not require that the indemnitor indemnify the indemnitee for damages to persons or property caused in whole or in part by any act, omission, or default of a party other than the indemnitor; any of the indemnitor's contractors, subcontractors, sub-subcontractors, materialmen, or agents of any tier or their respective employees; or the indemnitee or its officers, directors, agents, or employees;
- iii. The indemnification under this Section shall not include claims of, or damages resulting from, gross negligence, or willful, wanton or intentional misconduct of the indemnitee or its officers, directors, agents or employees, or for statutory violation or punitive damages except and to the extent the statutory violation or punitive damages are caused by or result from the acts or omissions of the indemnitor or any of the indemnitor's contractors, subcontractors, sub-subcontractors, materialmen, or agents of any tier or their respective employees.

- ii. Unless an exception in paragraph C of this Section applies, the Contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from FEMA to:
  - a. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
  - b. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
  - c. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
  - d. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

C. *Exceptions.*

- i. This clause does not prohibit contractors from providing—
  - a. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
  - b. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.
- ii. By necessary implication and regulation, the prohibitions also do not apply to:
  - a. Covered telecommunications equipment or services that:
    - (1) Are not used as a substantial or essential component of any system; and
    - (2) Are not used as critical technology of any system.
  - b. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

D. *Reporting requirement.*

- i. In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (D)(ii) of this Section to the Participating Members, unless elsewhere in this Agreement are established procedures for reporting the information.
- ii. The Contractor shall report the following information pursuant to paragraph (D)(i) of this Section:
  - a. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.
  - b. Within 10 business days of submitting the information in paragraph (D)(ii)(a) of this Section: Any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

E. *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (E), in all subcontracts and other contractual instruments.

**Section 22. AMENDMENTS AND CHANGE ORDERS**

- A. Unless otherwise specified elsewhere in this Agreement, all modifications of this Agreement may only be made by written amendment executed by the Parties (all signatory Participating Members and Contractor).
- B. Changes to the work required under a Task Release may be made through issuance of a Change Order, in writing, by the issuing Member. A Change Order may increase or decrease the scope of services or change plans and specifications described in the Task Order, as the issuing Member may find necessary to accomplish the general purposes of this Agreement.
  - i. Whenever a Change Order is issued and executed by both the issuing Member and the Contractor, Contractor shall furnish all material, equipment, and personnel necessary

to perform the work described in the Change Order, in accordance with the requirements of this Agreement.

- ii. Contractor shall complete the work within the time prescribed. If no time for completion is prescribed, Contractor shall complete the work within a reasonable time. If the work described in any Change Order causes an unavoidable delay in any other work Contractor is required to perform under this Agreement, Contractor may request a time extension for the completion of the work. The issuing Member's decision regarding a time extension is final.

### **Section 23. TERM**

This Agreement is effective on the date of the Effective Date and expires one year after the Effective Date, unless sooner terminated in accordance with the terms and conditions of this Agreement.

### **Section 24. TERMINATION FOR CONVENIENCE BY PARTICIPATING MEMBER**

- A. Any Participating Member may terminate this Agreement as to itself at any time by giving 10 days' written notice to Contractor. The terminating Member's right to terminate this Agreement for convenience is cumulative of all rights and remedies which exist now or in the future.
- B. Upon receipt of a notice of termination for convenience, Contractor shall, unless the notice directs otherwise, immediately discontinue all Services to the terminating Member under this Agreement and cancel all existing orders and subcontracts that are chargeable to this Agreement for the terminating Member. As soon as practicable after receiving the termination notice, but in no event later than 30 days following the effective date of termination, Contractor shall submit to the terminating Member a final invoice marked "FINAL" showing in detail the Services performed under this Agreement up to the termination date.
- C. TERMINATION OF THIS AGREEMENT AND RECEIPT OF PAYMENT FOR SERVICES RENDERED, IF ANY, ARE CONTRACTOR'S ONLY REMEDIES FOR A PARTICIPATING MEMBER'S TERMINATION FOR CONVENIENCE, WHICH DOES NOT CONSTITUTE A DEFAULT OR BREACH OF THIS AGREEMENT. CONTRACTOR WAIVES ALL CLAIMS (OTHER THAN ITS CLAIM FOR PAYMENT AS SPECIFIED IN THIS SECTION) IT MAY HAVE NOW OR IN THE FUTURE FOR FINANCIAL LOSSES OR OTHER DAMAGES RESULTING FROM A PARTICIPATING MEMBER'S TERMINATION FOR CONVENIENCE.

### **Section 25. TERMINATION FOR CAUSE BY PARTICIPATING MEMBER**

- A. If Contractor defaults under this Agreement, any Participating Member may either terminate this Agreement or allow Contractor to cure the default as provided below. Each Participating Member's right to terminate this Agreement for Contractor's default is

cumulative of all rights and remedies which exist now or in the future. Default by Contractor occurs if:

- i. Contractor fails to perform any of its material duties under this Agreement;
  - ii. Contractor becomes insolvent;
  - iii. All or a substantial part of Contractor's assets are assigned for the benefit of its creditors; or
  - iv. A receiver or trustee is appointed for Contractor.
- B. If a default occurs, a terminating Member may, but is not obligated to, deliver a written notice to Contractor describing the default and the termination date. The terminating Member, at its sole option, may extend the termination date to a later date. If the terminating Member permits Contractor to cure the default and Contractor does so, to the satisfaction of the terminating Member, before the termination date, then the termination is ineffective. If Contractor does not cure the default before the termination date, then the terminating Member may terminate this Agreement on the termination date and pay Contractor for all Services performed to the satisfaction of the terminating Member, if any, through such date.
- C. To effect final termination, a terminating Member must notify Contractor in writing. After receiving the notice, Contractor shall, unless the notice directs otherwise, immediately discontinue all Services under this Agreement, and promptly cancel all orders or subcontracts chargeable to this Agreement.
- D. If a Participating Member terminates the Agreement for cause and it is subsequently determined that any such determination was improper, unwarranted, or wrongful, then any such termination shall be deemed for all purposes as a termination for convenience, without cause.

#### **Section 26. EFFECT OF TERMINATION BY LESS THAN ALL PARTICIPATING MEMBERS**

- A. A Participating Member's termination of this Agreement is effective only as to the terminating Member's contract with Contractor. The Agreement shall remain effective as to all other signatory, non-terminating Participating Members for the remainder of the contract term, unless earlier terminated pursuant to the terms of this Agreement.
- B. A Participating Member that terminates this Agreement shall not be permitted to re-enter the Agreement.

#### **Section 27. REMOVAL OF CONTRACTOR-OWNED EQUIPMENT AND MATERIALS**

Upon expiration or termination of this Agreement, Contractor is permitted 10 days within which to remove Contractor-owned material and equipment from Participating Members' premises or

the job site. Participating Members shall make such material and equipment readily available to Contractor. The time period may be extended upon approval by a Participating Member as to its premises. Participating Members reserve the right to deny any extension of time.

#### **Section 28. INDEPENDENT CONTRACTOR**

Contractor shall perform its obligations under this Agreement as an independent contractor and not as an employee of any Participating Member.

#### **Section 29. FORCE MAJEURE**

- A. Timely performance by the Parties is essential to this Agreement. However, no Party is liable for delays in performing its obligations under this Agreement to the extent the delay is caused by Force Majeure that directly impacts Participating Member or Contractor. The event of Force Majeure may permit a delay in performance but does not excuse a Party's obligations to complete performance under this Agreement. Force Majeure means: fires, interruption of utility services required to perform the Services, floods, hurricanes, tornadoes, ice storms, and other natural disasters, explosions, war, terrorist acts against Participating Member or Contractor, riots, court orders, and the acts of superior governmental or military authority, and which the affected Party is unable to prevent by the exercise of reasonable diligence. The term does not include any changes in general economic conditions such as inflation, interest rates, economic downturn, or other factors of general application; or an event that merely makes performance more difficult, expensive, or impractical. Force Majeure does not entitle Contractor to any reimbursement of expenses or any other payment whatsoever.
- B. This relief is not applicable unless the affected Party does the following:
  - i. uses due diligence to remove the effects of the Force Majeure as quickly as possible and to continue performance notwithstanding the Force Majeure; and
  - ii. provides the other Party with prompt written notice of the cause and its anticipated effect.
- C. The affected Participating Member will review claims that a Force Majeure that directly impacts the Participating Member or Contractor has occurred and render a written decision within seven days. The decision of the Participating Member is final.
- D. An affected Participating Member may perform contract functions itself or contract them out during periods of Force Majeure. Such performance is not a default or breach of this Agreement by the Participating Member.
- E. If the Force Majeure continues for more than five days from the date performance is affected, the affected Participating Member may terminate the applicable Task Release or the Agreement by giving seven days' written notice to Contractor. This termination is not a default or breach of this Agreement. CONTRACTOR WAIVES ANY CLAIM IT MAY HAVE

FOR FINANCIAL LOSSES OR OTHER DAMAGES RESULTING FROM THE TERMINATION EXCEPT FOR AMOUNTS DUE UNDER THE AGREEMENT UP TO THE TIME THE WORK IS HALTED DUE TO FORCE MAJEURE.

- F. Contractor is not relieved from performing its obligations under this Agreement due to a strike or work slowdown of its employees. Contractor shall employ only fully trained and qualified personnel during a strike.

### **Section 30. SEVERABILITY**

If any part of this Agreement is for any reason found to be unenforceable, all other parts remain enforceable unless the result materially prejudices the Parties.

### **Section 31. ENTIRE AGREEMENT**

This Agreement merges the prior negotiations and understandings of the Parties and embodies the entire agreement of the Parties. No other agreements, assurances, conditions, covenants (express or implied), or other terms of any kind, exist between the Parties regarding this Agreement.

### **Section 32. APPLICABLE LAWS**

- A. This Agreement is subject to the laws of the State in which the majority of the work under a Task Release is to be performed, the laws of the federal government of the United States, and all rules and regulations of any regulatory body or officer having jurisdiction.
- B. Venue for any litigation relating to this Agreement brought by or against a Participating Member is the county in the State where the Participating Member's principal place of business is located.

### **Section 33. NOTICES**

All notices to any Party to the Agreement must be in writing and must be delivered by hand, United States registered or certified mail, return receipt requested, United States Express Mail, Federal Express, Airborne Express, UPS, or any other national overnight express delivery service. The notice must be addressed to the Party to whom the notice is given at its address set out in Exhibit E to this Agreement or other address the receiving Party has designated previously by proper notice to the sending Party. Postage or delivery charges must be paid by the Party giving the notice.

### **Section 34. CAPTIONS**

Captions contained in this Agreement are for reference only, and, therefore, have no effect in construing this Agreement. The captions are not restrictive of the subject matter of any section in this Agreement.

### **Section 35. NON-WAIVER**

- A. If any Party fails to require the other to perform a term of this Agreement, that failure does not prevent the Party from later enforcing that term and all other terms. If either Party waives the other's breach of a term, that waiver does not waive a later breach of this Agreement.
- B. An approval by any Participating Member, or by any other employee or agent of any Participating Member, of any part of Contractor's performance does not waive compliance with this Agreement or establish a standard of performance other than that required by this Agreement and by law. No Participating Member is authorized to vary the terms of this Agreement.

**Section 36. INSPECTIONS AND AUDITS**

- A. Contractor shall provide the issuing Member, the relevant State emergency management agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions. Contractor shall keep its books, documents, papers, and records available for this purpose for at least five years after this Agreement terminates or expires. This provision does not limit the applicable statute of limitations.
- B. Contractor shall permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- C. Contractor shall provide the FEMA Administrator or his or her authorized representatives access to construction or other work sites pertaining to the work being completed under this Agreement.
- D. In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, Participating Members and the Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

**Section 37. AMBIGUITIES**

If any term of this Agreement is ambiguous, it shall not be construed for or against any Party on the basis that the Party did or did not write it.

**Section 38. SURVIVAL**

Contractor shall remain obligated to Participating Members under all clauses of this Agreement that expressly or by their nature extend beyond the expiration or termination of this Agreement, including but not limited to, the indemnity provisions.

**Section 39. PARTIES IN INTEREST**

This Agreement does not bestow any rights upon any third party, but binds and benefits Participating Members and Contractor only.

**Section 40. ASSIGNMENTS**

- A. Contractor shall not assign this Agreement at law or otherwise or dispose of all or substantially all of its assets without all Participating Members' prior written consent.
- B. Contractor shall not delegate any portion of its performance under this Agreement without the issuing Member's prior written consent which consent shall not be unreasonably withheld.

**Section 41. REMEDIES CUMULATIVE**

Unless otherwise specified elsewhere in this Agreement, the rights and remedies contained in this Agreement are not exclusive, but are cumulative of all rights and remedies which exist now or in the future. No Party may terminate its duties under this Agreement except in accordance with its provisions.

**Section 42. SIGNATURES**

The Parties have executed this Agreement in multiple copies, each of which is an original. Each person signing this Agreement represents and warrants that he or she is duly authorized and has legal capacity to execute and deliver this Agreement. Each Party represents and warrants to the others that the execution and delivery of this Agreement and the performance of such Party's obligations hereunder have been duly authorized and that the Agreement is a valid and legal agreement binding on such Party and enforceable in accordance with its terms. The Parties hereby agree that each Party may sign and deliver this Agreement electronically or by electronic means and that an electronic transmittal of a signature, including but not limited to, a scanned signature page, will be as good, binding, and effective as an original signature.

## EXHIBIT A: EMERGENCY FUEL SCOPE OF SERVICES

### I. General

This statement of work describes and defines the equipment and services required to provide fuel in support of emergency response- and recovery-related activities for the Participating Member(s), as applicable. Contractor shall provide all services described herein and any other services that are required to complete the project. Activities consist of providing logistics support that entails on site self-sustained mobile fueling stations (known hereafter as mobile fueling stations) including fuel (gasoline and diesel) and emergency spot fueling.

All services performed under this Agreement shall be conducted in accordance with all applicable federal and state laws, and environmental regulations. The services will begin upon issuance of a Task Release by a contracting Member or a preliminary written notification of need, as described below. No guarantee of minimum or maximum quantities is made by the Participating Members under terms of this Agreement. It is anticipated that Participating Member(s) may request services 36 hours in advance of an impending disaster or in the immediate aftermath of a disaster, and may extend services up to four weeks into the Participating Member's(s') recovery.

Proper documentation, as required by the Federal Emergency Management Agency (FEMA) or other federal natural disaster response agency shall be provided for all operations conducted under the terms of this Agreement to support reimbursement to the Participating Member(s) from the appropriate federal agency.

Participating Members, at their sole discretion, may enter into more than one contract based on the anticipated number of fuel resources needed. Participating Members, at their sole discretion, may elect to perform work with additional contract forces at any time throughout the emergency operations.

### II. Services Provided by the Contractor

The following services shall be performed by the Contractor upon issuance of a Task Release (or written notification thereof, as applicable) by a Participating Member (thereafter, the "issuing Member"). All work performed will be at the direction and control of the issuing Member.

#### A. *Notification and Logistics Management.*

1. Prior to issuance of a Task Release, a Participating Member may provide written notification to the Contractor that services are required and that a Task Release will be issued. The term "notification" as used below refers to either the preliminary written notification of need or, if none, the Task Release.
2. The Contractor shall, within two (2) hours of notification, provide/confirm 24-hour contact information for the Contractor's Logistics Support Manager (LSM) and alternate manager for coordination of emergency fuel operations. These individuals shall be available to take direction from the Issuing Member.

3. The Contractor's Logistics Support Manager (LSM) shall, within twelve (12) hours of notification, arrive on site at the location designated by the Issuing Member to coordinate emergency fuel operations. The Issuing Member may allow the LSM to work remotely to coordinate fueling activity.

B. *Mobile Fueling Stations.*

1. Contractor shall, within twenty-four (24) hours of notification, provide a minimum of one (1) mobile fueling stations capable of dispensing fuel directly into vehicles, on site at locations designated by the issuing Member.
2. Stations are to be fully operated by Contractor.
3. Stations are to provide a minimum of approximately 1,000 gallons of fuel. Up to two (2) tanks can be used to meet this requirement if necessary.
4. The issuing Member will require both gasoline and diesel, at roughly a 60% gasoline 40% diesel split. The issuing Member will determine the fuel mix and quantities and indicate its requirements in the Task Release.
5. Contractor shall ensure the fueling stations remain supplied and fully operational throughout the activation (24 hours per-day/7 days a week, unless changed by the Issuing Member).
6. The issuing Member will designate the location for each station. In the event that these locations are outside of the issuing Member's service territory, they will continue to be coordinated through the issuing Member.
7. Contractor shall, within seventy-two (72) hours of notification, also provide a minimum of two (2) additional mobile fueling stations capable of dispensing fuel directly into vehicles on site at locations designated by the issuing Member. The issuing Member will determine the fuel mix and quantities. The same parameters identified above in this Section B also apply.
8. All time requirements in Sections II.A and II.B apply unless otherwise instructed by the issuing Member in the notification.

C. *Exclusive Use.* Contractor shall provide the number and type of fuel resources agreed upon by issuing Member and Contractor for exclusive use by issuing Member and others at issuing Member's discretion.

D. *Spot Fueling.* Contractor shall provide spot fueling capabilities to fuel and refuel stationary and portable generators; refuel mobile fueling stations; and refuel issuing Member-owned fuel tanks as required throughout the emergency event. Fuel quantity can range from 500 to 10,000 gallons depending on the need and the impact of the event. Issuing Member will determine the fuel mix and quantities.

E. *Labor and Equipment.* Contractor shall:

1. Provide self-sustaining bobtails and tankers or alternative vehicle previously approved by issuing Member, to dispense fuel directly to vehicles designated by issuing Member, as required.
2. Contractor shall only dispense fuel to those vehicles authorized by issuing Member.
3. Provide sufficiently qualified and properly certified personnel to continuously conduct these operations as directed by issuing Member.
4. If requested by the issuing Member, provide copies of the driver's licenses of all operators providing services under this Agreement.
5. Ensure that all Contractor personnel have and utilize personal protective safety gear in accordance with FDOT and/or ALDOT requirements and company safety policies. This includes ensuring that all fuel handling and refueling safety requirements are followed and adherence to all Federal, State, and local laws regarding fuel transportation and handling activities.

F. *Documentation and Reporting.*

1. After termination of the operations and on request of the issuing Member, Contractor shall participate in an After-Action Review of the operations, in order to identify issues/concerns and corrective actions required ensuring efficient operations in future endeavors.
2. Contractor shall track all fuel quantities dispensed and provide a daily report in a format approved by the issuing Member (electronic is preferred). The report will include vehicle tag number, vehicle driver, owner of vehicle receiving fuel if other than the issuing Member, and the time, date, quantity and type of fuel dispensed. This information shall be included with all Contractor invoices.
3. Fuel receipts will be provided to the driver of the vehicle being fueled. Copies of all receipts will be maintained by Contractor and provided to issuing Member to properly document the contract work in accordance with FHWA and FEMA requirements.
4. Contractor shall provide instantaneous and reliable communication (via cell phones or radios) between each vehicle and/or station and issuing Member's designated representative. In addition, Contractor should identify if they have the capability of providing issuing Member with "dashboard" visibility of their vehicles (such as through GPS tracking of vehicles with real-time reports provided to issuing Member).

**III. Activities to Be Performed by Issuing Member**

- A. Provide oversight for Contractor's operations.

- B. Provide Contractor with the quantity of mobile fueling stations required including, but not limited to locations, fuel type, and volumes.
- C. Provide Contractor with the locations, fuel mix, and volumes required for spot fueling and bulk fuel.
- D. Provide security when necessary for each mobile fueling location.
- E. Provide lighting at the mobile fueling location when necessary.
- F. Designate who may receive fuel at the refueling locations and the appropriate identification required for eligible users.
- G. Issuing Member shall be responsible for obtaining all necessary documentation from Contractor and subsequently submitting to FHWA and/or FEMA when requesting reimbursements.

#### **IV. Assignment of Work and Method of Compensation for Emergency Fuel Services**

##### *A. Compensation*

This is a Term Contract for an indefinite quantity whereby the Contractor agrees to furnish services during a prescribed period of time. The specific period of time completes such a contract. A contracting Member will authorize services based on need and budget availability. Execution of this Agreement does not guarantee that the work will be authorized.

Contractor shall submit monthly invoices in a format acceptable to Issuing Member. Contractor shall be paid for the satisfactory performance of the services detailed in this Exhibit A, according to the Fuel Price Index plus the fuel markup fixed rate submitted in Exhibit C for fuel dispensed at the fueling sites. The Federal Government's Official U.S. Energy Information Administration website ([www.eia.gov/petroleum/gasdiesel/](http://www.eia.gov/petroleum/gasdiesel/)) will be used for this agreement, and will be the Index used for all fuel grades delivered to the refueling locations. For gasoline, use "Regular – Conventional Areas, Lower Atlantic." For diesel, use "Diesel – All Types, Lower Atlantic."

Payments will be made upon the completion of all work performed as required in Exhibit A for the invoice period. Proposed prices shall include all direct costs for performing the work as well as all indirect costs including, but not limited to, administrative costs, all overhead, operating margin, required food and lodging, and other expenses.

##### *B. Establishment of Letter of Authorization Amount*

For each Task Release, Contractor, following the Scope of Services as set forth in this Exhibit A, shall prepare an estimate of work and price based on the rates established in Exhibit C. After an acceptable Not-to-Exceed Amount has been agreed on by the Contractor and the issuing Member's designated representative, the Task Release shall be issued and executed by the parties. All Task Releases shall be completed within the terms of this Agreement.
